# ***TTL Cable***

Model: TL-C / TL-N / TL-S

— TTL线 —

Instruction Manual  
使用说明书

## Foreword

Thank you for choosing GODOX TTL cable TL-C/TL-N/TL-S. This TTL off-camera shoe cord, made from high-quality wire, is a very useful photography accessory to connect speedlite and DSLR camera.

## Function

TTL cable is developed to have your speedlite to be operated off your camera without influence. It contains all of the on-camera functions for the flash. It's ideal for use in every photography scene and especially for portrait or merchandise photography.

## Using Guide

1. Power off the camera and speedlite.
2. Attach the hotshoe end A of TTL cord to the speedlite hotshoe.
3. Attach the hotshoe end B of TTL cord to the hotshoe of DSLR camera.
4. Set up the camera and speedlite for off camera shooting.

(The picture is taking TL-C for Canon as an example)

## 前言

感谢您使用神牛TL-C/TL-N/TL-S TTL线,本TTL线经过优质线材制作而成,是连接单反相机与机顶闪光灯非常有用的闪光附件。

## 作用

TTL线可将单反相机与闪光灯连接,能够让您在远离单反相机的热靴时还能保证闪光灯能有的TTL功能。广泛应用于各种摄影领域,在人像摄影和物品拍摄时尤为常用。

## 使用

1. 关闭相机与机顶闪光灯的电源。
2. 将闪光灯热靴插入TTL线的A端热靴座上。
3. 将TTL线的B端热靴插入单反相机热靴插座上。
4. 开启相机及闪光灯即可使用。

(下图以TL-C为例)
